

## **Grant White**

Grant White is the Founder and CEO of the Endeavour Group of Companies, an innovative network of companies that builds and invests in businesses designed for one purpose, to remove the constraints which interfere with people living their version of freedom and enhance the human experience. Recognized as a forward-thinking leader, Grant is passionate about creating meaningful change by developing companies and initiatives that give people greater freedom to live life to its fullest.

A devoted husband and father of two young daughters, Grant's commitment to innovation is matched by his dedication to community. He actively champions local causes, leading initiatives such as the Endeavour Rising Tide Challenge for The Dream Factory, and supports organizations that strengthen the health, connection, and vitality of Manitobans. As a member of the HSC Foundation Board, Grant brings strategic vision, entrepreneurial drive, and a deep belief in building a better future for all.

"One of the great challenges of our time, is to help those people whose lives are put on hold or at risk because of limited access to timely healthcare. Seeing the great work that our doctors, nurses and other professionals are doing every day, it became clear to me that the best way to help people to gain their health and freedom back, was to provide more opportunities for the great people on the ground to do what they do best. I consider the work we do at the HSC Foundation to be a calling in that way." – **Grant White**
