

Sarah Anderson

Sarah Anderson represents the fourth generation of leadership at Bockstael Construction. Her diverse professional background spans marketing and communications, economic development, and real estate development. Sarah pursued post-secondary studies in Ottawa and France before earning a bachelor's degree in commerce from the I.H. Asper School of Business.

Prior to joining the family business in 2020, her early career was spent with a leading North American integrated real estate company and with Economic Development Winnipeg, promoting Winnipeg's economic opportunities.

Sarah contributes to Bockstael's mission of changing the face of the construction industry in Manitoba through continuous improvement in organizational development, community partnerships, and business development.

She has served on various boards and committees throughout her career, including the International Facility Management Association (Manitoba Chapter), Young Associates, Women's Health Clinic and Toba Centre for Children and Youth.

Sarah is a life-long Winnipegger and a mom to two young children.

"In 2016, my father-in-law was diagnosed with stage 4 esophageal cancer. Because of HSC and the Wilf Taillieu Thoracic Surgery Clinic and Endoscopy Unit, he is cancer-free and enjoying life, watching his nine grandkids grow up.

I am thrilled to join the HSCF Board of Directors and support the team's efforts to improve patient care through innovation and attracting talent to our province's largest hospital, and I'm inspired by their mission for excellence." – **Sarah Anderson**
