Project Title:

Category of Grant:

Location of Project:

Total Amount Requested:

Abstract of Research Proposal

In the space below, provide a clear summary of the proposed research project. Ensure the summary includes the proposed project's purpose, the specific problem/gap in knowledge the project addresses, brief summary of the methodology and the anticipated outcomes/broader impacts.

Project Alignment with the HSC Foundation Funding Priorities

In the space below, clearly describe how the proposed project aligns with the HSC Foundation Funding Priorities. Please refer to the Allied Health Grant Guidelines for the HSC Foundation Funding Priorities.

Project and Patient Care

In the space below, clearly describe how the proposed project will advance patient care and/or patient outcomes within Manitoba.

Supporting Documents

In a separate PDF attachment, please provide the full curriculum vitae of the Principal Investigator(s) and co-investigator(s). The Canadian Common curriculum vitae is preferred.
